DUOS TECHNOLOGIES INTERNATIONAL AND AL FARABI INVESTMENT COMPANY ANNOUNCE TEAMING AGREEMENT

Companies join forces to pursue Business Opportunities for Advanced Security Systems in the Middle East

JACKSONVILLE, FL/Kuwait City, Kuwait – February 14, 2008 - Duos Technologies International and Al Farabi Investment Company (Kuwait) announce a strategic agreement to partner on the delivery of sophisticated security technologies to the Middle East. The joint operation will be based at Alfarabi's headquarters in Kuwait City.

"We see a pressing global need for critical infrastructure protection," stated Stephanie Jason, President of Duos Technologies International. "By teaming with Al Farabi, we create a strong, local presence to bring our security technology to the Middle East in a manner that respects local priorities. We look forward to a productive and beneficial relationship."

Duos Technologies Middle East, a subsidiary of Duos Technologies International, recently opened its local headquarters in Abu Dhabi to better service and support its regional clients.

"We are very enthusiastic about our relationship with Duos Technologies International," said Dr. Hani Al Ghawas, Senior Vice President of Al Farabi Investment Company. "We recognize the pressing need in this region for advanced security systems and we are convinced that this strategic alliance will benefit many. We are determined to make our partnership with Duos Technologies International a model of success for all parties concerned."

Duos Technologies International is the global arm of Duos Technologies Inc., a leader in security and surveillance systems headquartered in Jacksonville, Florida. The company provides a broad range of advanced technology solutions with an emphasis on Homeland Security and critical infrastructure for governments and the private sector. Duos' systems are based on its proprietary object detection and behavioral analysis software, managed by the company's multi-layer control platform, allowing integration of a broad range of sensing technologies into a unified command and control interface.

Alfarabi Investment Company is engaged in activities that target the need for technology-based security, surveillance, and monitoring solutions in the commercial and industrial sectors, particularly in the oil industry. It also has a significant presence in the healthcare, transportation, and government sectors.
